MiDAS (Minibus Driver Awareness Scheme)

MiDAS is a national scheme to enhance the driving and passenger awareness skills of minibus drivers. Although it is not a legal requirement to have MiDAS to drive a minibus, it is increasingly being accepted as good practice, and most organisations operating minibuses insist on their drivers holding a MiDAS Certificate.

The training involves a classroom session followed by a separate driving assessment in our minibus. On completion a certificate is issued which lasts for four years, and which is recognised nationally as a common standard. It is not necessary for candidates to have prior experience of driving a minibus, although there are certain driving licence requirements - please contact us for further details.

 Tue 21st & Wed 22nd February
